

## Variations on Was Lebet

The composer Andrew Wainwright has indicated that there is a small erratum for competing bands to note for his First Section Regional Championships test-piece, 'Variations on 'Was Lebet'.

At figure DD, a 'piu mosso, minim = 69' is marked but it is at essentially the same tempo as is marked prior to that (138 crotchets per minute at the start of the movement and then minim = 69 at DD.)

The 'piu mosso' should be removed and the music should continue at the same tempo.
